LEGISLATIVE COUNSEL'S DIGEST

AB 1330, as amended, Simitian. Outdoor ~~Experiential~~ *Environmental Education* Program.

Existing law contains legislative findings and declarations regarding the need for an educational program that is designed to build attitudes of stewardship toward the maintenance of the quality of our environment and to enable all citizens to use resources wisely.

The bill would require the State Department of Education to administer the program and, ~~in conjunction with, and~~ according to a priority system *to be* developed by, the ~~Sierra Club Foundation~~ *department*, select applicants for participation in the program, pursuant to prescribed criteria. The bill would require the department to conduct an evaluation of the program and submit a report to the Legislature no later than February 1, 2005. The bill would provide

that the program and ~~the requirement of~~ its evaluation is ~~to be~~ implemented only if private funds are made available for purposes of all costs of the program and its evaluation.

This bill would make these provisions inoperative on July 1, 2005, and repeal them on January 1, 2006, ~~unless a later enacted statute that is enacted before January 1, 2006, deletes or extends that date.~~
